About us

In Merkinė, we have created a sustainable business plan related to jewelry. Our main goal is to encourage people join to cleaning the environment by buying our products.

How will we do it?

We make jewelry like bracelets, chains and rings from used tools (tin tongues, shoelaces), also from tools we find at home (threads, beads, wire).

We think our idea is unique and never seen before, so we hope to get people's attention.

Our products

Lucky braid

By wearing it, you will start succeeding in all spheres of life. "Lucky braid" woven from the threads of love, joy and happiness.

Long life bracelet

They say you can't buy time. This is true, but you can make the life you live meaningful. This bracelet can help you do that.

It has a braided detail where it goes all the way around the bracelet. It represents all the memories you have created while wearing this bracelet.

Smile braid

This "Smile Braid" will ensure that your life is filled with joy and laughter. May the smile never disappear from your face.

Rings of magic

Not that they won't really give you some magical powers, but they can fill your life with magic. These rings can help you enjoy the little things every day that add a little magic to life.

Peace bracelet

You will feel safe wearing it. If you are far from home, she will always remind you of them. With this bracelet you will never be alone because you will feel that someone is protecting you. You will always be calm with her.

Young entrepreneurs of Merkinė

We live in the unique region of Merkinė. We are surrounded by wonderful nature.

Tall pines, watery rivers and lakes, colorful meadows are things we are very proud of.

Therefore, it is clear that a clean environment is very close to our hearts.

We want people to understand how important a clean environment is and contribute to its cleaning.

The young entrepreneurs from Merkinė are grateful to the Outside project. It promoted the development of four sustainable business ideas and helped implement them.

Outside

Outside is implemented in 5 European countries (Italy, Belgium, Croatia, Lithuania, United Kingdom). The partnership is composed of 5 schools and 4 organisations active in the field of sustainable development and entrepreneurship.
