

## **Les Papatissiers : Presentation for Outside**

**Corentin** : The team of the Papatissier is Corentin,... teenagers of the school l'Arbre des Possibles. We call ourselves the "Papatissiers", with is a word game that sounds like "pas patissiers", meaning more or less "the pastries not-bakers")

**Yémo** : We want to create green snacks and sweets, healthy and made with local products and plants.

**Icaro** : We don't use plastic containers.

**Brieuc** : We want to sell the sweets at least once a week for the school snacks, once a month for our 'guinguette').

**Corentin** : i will explains what a guinguette is : It is an monthly school event, an open time for local people and families every month. It a a party moment .. we like it !

**Brieuc** : We will go with our food truck at a local market each month and at a street art festival in september

**Lucie** : We will publish our special recipes in our Journal des Possible (another of our Outside project) to teach other people and youth to easily cook healthy sweets.

**Corentin** : Our first event was in May, at the open day school party. By that time we already had the food truck. We started to equip it with a fully functional and lovely kitchen, and have already started selling and making a profit.

**Lucie** : Why we created this project ? Because we want to take care of what we eat. We love sweets and we know a lot of youth do too, so it's important to know what we eat.

**Icaro** We see a lot of toxic products in the sweets and too much plastic around them in the supermarket. So we want to propose an alternative.

**Zoé** : It is also important to be able to cook. We want to learn ourselves, and teach others to make healthy snacks.

**Brieuc** : And this project gives us an opportunity to create something together, and learn some skills in how to create and manage a little business.

**Yael** : The only problem we had was that we had too many clients ! It was a lot of work.

**Corentin** : And what was nice was to see the smiles of the people enjoying our sweets !
