

PLASTIC GROUND

OUR CHALLENGE DEALS WITH TRASFORMATE SINGLE-USE PLASTIC

## WHAT'S OUR SOLUTION?

Our solution is to create a playground made of recycled plastic, which can educate people who visit it thanks to the posters inside the park.

Do you know  
that plastic  
bags takes

**20**

**YEARS**

to dispose?

Do you know  
that plastic  
straws takes

**200**

**YEARS**

to dispose?

Do you know  
that plastic  
bottle takes

**450**

**YEARS**

to dispose?

Do you know  
that disposable  
diaper takes

**500**

**YEARS**

to dispose?

## HOW WE CAN DO THAT?

We can do that thanks a team of artisans and engineers specialized in eco products will help us turn plastic into games, benches and much more.

**We want the kids to grow up with the concept of eco-sustainability, we want them to have a sustainable future so that they are able to realize all their dreams !**

**“DON'T THROW PLASTIC,  
AND MAKE THE WORLD  
FANTASTIC!”**

**#COMEANDPLAY**

**THANK YOU  
FOR LISTENING !**
